Session 7: Specialized Impedance-Based Assays

Chair: **Mohammed Trebak (USA)**

Time: 11:15 – 12:45

Lecture Hall: H46

| | |
|-------|--|
| 11:15 | T27: Chun-Min Lo (TW) Impedance Analysis of Cadherin-Mediated Cell Adhesion. |
| 11:45 | T28: Verena Charwat (A) Monitoring cellular stress responses using integrated high-frequency impedance spectroscopy and time-resolved ELISA. |
| 12:15 | T29: K. Szaszi (CA) Role of claudins in tumor necrosis factor-induced permeability and migration changes in tubular epithelial cells. |
| 12:30 | T30: M.F. Stins (USA) Brain endothelial activation and neuronal damage (during cerebral malaria). |
| 12:45 | Lunch & Poster Session 2 |
